

A Division Of Curti's Landscaping

*“Big Enough To Be Professional
Small Enough To Be Personal!”*

**Let our Design & Build division's landscape professionals
guide you in determining what best fits your outdoor
wants and needs!**

DESIGN & BUILD DIVISION

A plan designed and implemented by our staff of professionals will result in a finished product that harmoniously comes together whether it was installed at once or over a period of time! A creative & quality landscape can be a functional and appealing extension of your home and will provide years of enjoyment for your family. We deliver the service and community commitment of a local, family-owned business backed by the strength of a company that's created over 1,000 incredible outdoor living spaces since 2001.

WATER FEATURES ADD BEAUTY & VALUE

What better way to reflect your personality than with the natural timelessness of a pond or waterfall feature! We'll help design your aquatic paradise with your particular requirements in mind. There are a variety of water features available including ponds, streams, waterfalls, and more. We'll work with you until we find the one that complements your landscape.

PROFESSIONAL DESIGN & BUILD

A properly designed structure will withstand elements for centuries. If it's not built properly, it may not survive past the first freeze. Stone features are permanent and are a great investment for any home. When done right, the beauty of stone and masonry creations will last for generations. You'll likely agree, It is so important to choose Qualified, experienced professionals whom you can trust!

MISSION STATEMENT

To be a leader in the landscape industry while providing superior services and products that continually meet and exceed our customer's expectations.

Leadership coupled with knowledge, experience & commitment to quality and service is what makes Curti's Landscaping unique.

WHY HAVE CLIENTS CHOSEN CURTI'S?

"As a business owner myself, I always value when people go above and beyond for their clients. John Beaudry has certainly done that. Even before the project is completed, I know I made the right decision to go with John and Curti's."

Jared Cohen, Palisades, NY

"A note just to let you know what a great job the crew did on our project. They worked so very hard and long hours. They were truly professional and we appreciate all of their efforts."

Laura Tucker, New City, NY
